PREPARING FOR PUBLICATION.

A FIFTH Edition of CURIOSITIES OF LITERATURE, Consisting of Anecdotes, Characters, Sketches, and Observations, Literary, Critical, and Historical, very handsomely printed in Three Volumes, 8vo.

The Fourth Edition of this Work has served as a basis for the present, which has been entirely re-cast. The more interesting topics have been more completely and more curiously investigated, and it has been the study of the Writer to compress as many events of Literary History, as the necessary limits of the Work allowed. The design of these arrangements is to stimulate literary curiosity with those who already possess it, and to increase it among those, whose leisure has not permitted them to pursue such inquiries.

"Great Reading without applying it, is like corn heaped, that is not stirred; it growth musty! The reading of the great scholars, if put into a benbeck, might be distilled into a small quantity of essence.

Marquis of Halifax."
