BARNES (Rev. William, of Canoe Rectory, Dorchester) A Philological Grammar, grounded upon English, and formed from a comparison of more than Sixty Languages. Being an Introduction to the Science of Grammars of all Languages, especially English, Latin, and Greek. 8vo (pp. 322), cloth. 9s

"Mr. Barnes' work is an excellent specimen of the manner in which the advancing study of Philology may be brought to illustrate and enrich a scientific exposition of English Grammar."—Edinburgh Guardian.

"Of the science of Grammar, by induction from the philological facts of many languages, Mr. Barnes has, in this volume, supplied a course and comprehensive summary of the principles on which nations have constructed their forms and usages of speech, but it is generally allowed that some conformity of similarity of practice may be traced, and that an attempt may be made to expound a true science of the grammatical phenomena of languages; in this work he has endeavored his Grammar upon English as to make it an English Grammar, but he has continually referred to comparative philology, and sought to render his work illustrative of general forms, in conformity with principles common, more or less, to the language of all mankind. More than sixty languages have been compared in the course of preparing the volume; and the general principles laid down will be found useful in the study of various tongues. It is a learned and philosophical treatise."—Literary Gazette.

BARNES (Rev. W.) Anglo-Saxon Delectus; serving as a first Class-Book to the Language. 12mo, cloth. 2s 6d

"To those who wish to possess a critical knowledge of their own native English, some acquaintance with Anglo-Saxon is indispensable; and we have never seen an introduction better calculated than the present to supply the wants of a beginner in a short space of time. The declensions and conjugations are well stated, and illustrated by references to Greek, the Latin, French, and other languages. A philosophical spirit pervades every part. The Delectus consists of short pieces on various subjects, with extracts from Anglo-Saxon History and the Saxon Chronicle. There is a good Glossary at the end."—Atheneum, Oct. 20, 1849.

BARNES (Rev. W.) Notes on Ancient Briton and the Britons. Fcp. 8vo, cloth. 3s

"Mr. Barnes has given us the result of his Collections for a Course of Lectures on this subject, and has produced a series of Sketches of the Ancient Britons, their language, laws, and modes of life, and of their social state as compared with that of the Saxons, which will be read with considerable interest."—Notes and Queries.

"We are very glad to meet with such pleasant and readable "Notes" as Mr. Barnes'. They are very unaffected essays, imparting much warmth to the old cause of British lore, and evincing some real study. He has found out the value of the old Welsh laws, and has made some useful comparisons between them and those of the Saxons with much freshness if not absolute novelty."—Guardian.

BARNES' (Rev. W.) Views of Labour and Gold. Fcp. 8vo, cloth. 3s

"Mr. Barnes is a reader and a thinker. He has a third and a conscientious merit—his style is perfectly lucid and simple. If the humblest reader of ordinary intelligence cleared to follow out the process by which societies are built up and held together, he has done to take him to the study of Mr. Barnes's opinions. The title "Views of Labour and Gold," cannot be said to indicate the scope of the Essays, which open with pictures of primitive life, and pass on, through an agreeably diversified range of topics, to considerations of manners, duties, and interests of Labour and Capital, and to the enquiry, What constitutes the utility, wealth, and positive well being of a nation? Subjects of this class are rarely handled with so firm a grasp and such light and serious manipulation."—Athenaeum.

"The opinion of such a scholar and clergyman of the Established Church on subjects of political economy cannot fail to be both interesting and instructive, and the originality of some of his views and expressions is well calculated to attract and repay the most careful attention."—Financial Reformer.

BIBLIOTHEQUE Asiatique et Africane, ou Catalogue des Ouvrages relatifs a l'Asie et a l'Afrique qui ont paru jusqu'en 1700, par H. TerneauX-Compans. 8vo, avec supplement et index, sewed. 10s 6d
"BIBLIA PAUPERUM." One of the earliest and most curious Block Books, reproduced in facsimile from a copy in the British Museum, by J. Ph. Berjeau. Royal 4to; half bound. £2. 2s.

The BIBLIA PAUPERUM, known also by the title of Historiae Vetus et Novi Testamenti, is a set of woodcuts in which the Old and New Testament are both brought to memory by pictures, and some lines of text in Latin. This name, BIBLIA PAUPERUM, is derived from its use by monks of the poorer orders commonly called Paupers Christi.

As a specimen of the earliest woodcuts and of printed block books, destined to supersede the manuscripts anterior to the valuable invention of Gutenberg, the BIBLIA PAUPERUM is well worthy the attention of the amateur of Fine Arts as well as of the Bibliographer. It consists of 40 engravings, printed on one side only of the leaves, and disposed so as to have the figures opposite to each other.

The engravings were printed by friction, with a substance of a brownish colour instead of printing ink, which was unknown at this early period. To imitate as near as possible the original, the plates in this facsimile are disposed opposite each other, and printed in a brownish colour. Various editions of this Block-Book have been discovered, without any writer being able to say which is the first one. A review of them is given in the printed Introduction of the book.

Besides the rhymed Latin Poetry—which part was given by Hennecken, and after him by Ottley—the Introduction gives, for the first time, the whole of the text printed on both sides in the upper compartment, as well as an English Explanation of the subject.

Only 250 copies have been printed, uniformly with Mr. S. Leigh Sothern's Principia Typographica.

JOHN RUSSELL SMITH, 36, SOHO SQUARE.

A very low price has been fixed to ensure an extended sale among students and higher schools.

—— LARGE PAPER. 4to, a handsome volume, not many printed. cloth. £2 2s

"The texts are printed in four parallel columns, and very great care appears to have been taken in their collation and correction."—ATHENSAURUM.

"We heartily welcome this volume, brought out with so much care and ability. It does credit to the printers of the University. The work is scholarly, and is a valuable contribution to the material for Biblical Criticism. We heartily commend it to the study of all who are interested either in the philology of the English language, or in the history and formation of our Authorized Version."—THE CHRISTIAN REMEMBRANCER, A QUARTERLY REVIEW.

"It may almost be a question, whether the present volume possesses greater interest for the divine or for the philologist. To the latter it must certainly be interesting from the opportunity which it affords him of marking the gradual development of our languages. The four versions of the Gospel, ... with a learned and instructive preface, and a few necessary notes, form a volume, the value and importance of which need scarcely be insisted upon."—NOTES AND QUERIES.

CHADWICK (William) The Life and Times of Daniel De Foe, with Remarks, Digestive and Discursive. 8vo, pp. 472, portrait, cloth 10s 6d.

"Daniel De Foe devoted his life and energies to the defence of free institutions and good government. He was the leader of his day. He not only wrote, but suffered for truth and liberty. He was imprisoned and persecuted for his labours in this cause; nay, he was repeatedly imprisoned for his principles, or for his unwavering attachment to them, and for his boldness and honesty in asserting them. He was the vigorous and indomitable opponent of priestism, of ecclesiastical domination, and of the Papish tendencies of his time. We ought not approve of all he wrote against the Catholics, but we should remember that he saw and felt, as we cannot, how inherently opposed to true freedom is the Catholic system. Although we live in very different times from those in which De Foe lived, yet his life is full of pregnant lessons for the liberals and friends of religious freedom of our day."

CHATTO (W. A., Author of “Jackson’s History of Wood Engraving”) Facts and Speculations on the History of Playing Cards in Europe Svo, profusely illustrated with engravings, both plain and coloured, cloth. £1. 1s.

“The inquiry into the origin and signification of the suits and their marks, and the heretical, theological, and political conceptions printed from time to time, in their changes, opens a new field of antiquarian interest, and the pieces with which Mr. Chatto has explored it leave little to be gained by his successors. The plates with which the volume is enriched add considerably to its value in this point of view. It is not to be denied that, take it altogether, it contains more matter than has ever before been collected in one view upon the same subject. In spite of its faults, it is exceedingly amusing and the most critical reader cannot fail to be entertained by the variety of curious facts relating to the origin and development of the art. Mr. Chatto has somehow managed to draw into the investigations." - Atlas.

"Indeed, the entire production deserves our warmest appreciation." - Isis.

"A perfect fund of antiquarian research and most interesting even to persons who never play at cards." - Isaac's Magazine.

"THE GAME OF THE CHESSE," the First Book printed in England by William Caxton, reproduced in fac-simile from a copy in the British Museum, with a few Remarks on Caxton's Typographical Productions, by Vincent Pagans. 4to, pp. 184, with 23 curious woodcuts, half morocco, uncut £1 1s. 6d. or, in antique calf, with belted boards and crimson edges £1 8s.

Frequently, as we read of the Works of Caxton and the early English Printers, and of their Black Letter Books, very few persons ever had the opportunity of seeing any of these productions, and forming a proper estimate of the beauty and skill of those who first practised the "Noble Art of Printing."

THE TYPE HAS BEEN CAREFULLY IMITATED, AND THE WOODCUTS FACSIMILIZED by Miss Byfield. The Paper and Watermarks have also been made expressly, as near as possible, like the original, and the book is accompanied by a few remarks on practical nature, which have been suggested during the progress of the facsimile, and the necessary study and comparison of Caxton's Works with those of his contemporaries in Germany, by Mr. V. Pagans, who spent two years' "labour of love" in cutting the matrices for the type.

"This curious volume has been the labours of a scholar's love, and will be read with ease by all. The idea of assembling the testimonies of foreign visitors, and showing us how we appeared to others in the days of Bass, by way of contrast and comparison to the aspect we present in the days of Victoria, was one which involved much arduous research. Mr Rye had had no profession... He has not only added an introduction to the works he assembles and translates, but has enriched them with some hundred pages of notes on all kinds of subjects, exhibiting a wide and minute research."—Fortnightly Review.

(G. H. Lewis)

"A book replete both with information and amusement, furnishing a series of very curious pictures of England in the Olden Time."—Notes and Queries.

"It is difficult to convey a just impression of Mr Rye's volume in a short criticism, because the really interesting feature of it is the quaintness, and, to modern eyes, the simplicity of most of the narratives, which cannot be reproduced with full effect except in quotations, for which we have no space."—Pall Mall Gazette.

A handsome, well-printed, entertaining book—entertaining and something more, and comes very welcome to the time. ... It is in such accidental notices that the chief interest and the not slight value of collections such as this consists; and when they are as well edited, they have a use on the shelves after their freshness is past: they help our familiarity with our history."—Reader.

These volumes form a good companion to Kell's Original Letters.

The collection comprises, for the first time, the love-letters of Henry VIII. to Anne Boleyn, in a complete form, which may be regarded, perhaps, as the most singular documents of the kind that have descended to our times; the series of letters of Edward VI. will be found very interesting specimens of composition; some of the letters of James I., hitherto unpublished, throw light on the Murder of Overbury, and prove beyond a doubt the King was implicated in it in some extraordinary and unpleasant way; but his Letters to the Duke of Buckingham are of the most singular nature; only imagine a letter from a Sovereign to his Prime Minister commencing thus: "My own sweetest and dearest child, blessing, blessing, blessing on thy heart-roots and all thine.

Prince Charles and the Duke of Buckingham's Journey into Spain has never been before so fully illustrated as it is by the documents given in this work, which also includes the very curious letters from the Duke and Duchess of Buckingham to James I.

LIBER ALBUS: the White Book of the City of London. Compiled A.D. 1419, by JOHN CARPENTER, Common Clerk; RICHARD WHITTINGTON, Mayor. Translated from the Original Latin and Anglo-Norman, by H. T. Extensively devoted to details which must of necessity interest those who care to know something more about their forbearers than the mere fact that they have existed. Many of them—until recently consigned to oblivion—ever since the passing away of the remote generations to which they belonged—intimately connected with the social condition, usages, and manners of the people who—uncouthly unlettered, ill-housed, ill-fed, and comfortless through they were, still formed England's most important, wealthiest, and most influential community throughout the chequered and troublous times of the 13th and 14th centuries. During this period, in fact, there is hardly a phase or feature of English national life upon which, in a greater or less degree, from these pages of the "Liber Albus," some light is not reflected.

THE Vision and Creed of PIERS PLOUGHMAN. Edited by THOMAS WRIGHT; a new edition, revised, with additions to the Notes and Glossary. 2 vols. 10s 1856

"The Vision of Piers Ploughman" is one of the most precious and interesting monuments of the English Language and Literature, and also of the social and political condition of the country during the fourteenth century... Its author is not certainly known, but its time of composition can, by internal evidence, be fixed at about the year 1382. On this and on all matters bearing upon the origin and object of the poem, Mr. Wright's historical introduction gives ample information... In the thirteen years that have passed since the first edition of the present text was published by the late Mr. Pickering, our old literature and history has been more studied, and we trust that a large circle of readers will be prepared to welcome this cheaper and carefully revised reprint."—Literary Gazette.

"The edition deserves well of the public; it is carefully printed, and the annotations, although neither numerous nor extensive, supply ample explanations upon a variety of interesting points. If Mr. Halliwell had done no more than collect these plays, he would have conferred a boon upon all lovers of our old dramatic poetry."—Literary Gazette.

REMARKABLE Providences of the Earlier Days of American Colonisation. By Increase Mather, of Boston, N.E. With Introductory Preface by George Offor. Portrait. 5s 1856

A very singular collection of remarkable sea deliverances, accidents, remarkable phenomena, witchcraft, apparitions, &c., &c., connected with inhabitants of New England, &c., &c. THE Table Talk of John Selden. With a Biographical Preface and Notes by S. W. Singer. Third edition, portrait. 5s 1860

—LARGE PAPER. Post 8vo, cloth. 7s 6d 1860

"Nothing can be more interesting than this little book, containing a lively picture of the opinions and conversations of one of the most eminent scholars and most distinguished patriots England has produced. There are few volumes of its size so pregnant with sense, combined with the most profound earning; it is impossible to open it without finding some important fact or discussion, something practically useful and applicable to the business of life. Coleridge says, "There is more weighty business sense in this book than I ever found in the same measure in any unadorned writing in anything."—Mr. Sglomer's Preface.

"The sonnets of Drummond," says Mr. Hallam, "are polished and elegant, free from conceit and bad taste, and in pure unblemished English."

ENCHIRIDION, containing Institutions—Divine, Contemplative Practical, Moral, Ethical, Economical, and Political. By Francis Quarles. Portrait. 3s 1856

"Had this little book been written at Athens or Rome, its author would have been classed with the wise men of his country."—Heaney.

THE Works in Prose and Verse of Sir Thomas Overbury. Now first collected. Edited, with Life and Notes, by E. F. Kimbault. Portrait after Pass. 5s 1856

HYMNS and Songs of the Church. By George Withers. Edited, with Introduction, by Edward Farr. Also the Musical Notes, composed by Orlando Gibbons. With portrait after Hole. 5s 1856

"Mr. Farr has added a very interesting biographical introduction, and we hope to find that the public will put their seal of approbation to the present edition of an author who may fairly take his place on the same shelf with George Herbert."—Gent's Mag., Oct., 1856.

Hitherto this interesting volume has only been known to the public by extracts in various publications. So few copies of the original are known to exist, that the copy from which this reprint has been taken cost twenty-one guineas.

Miscellanies. By John Aubrey, F.R.S., the Wiltsire Antiquary. Fourth Edition. With some Additions and an Index. Portrait and cuts. 4s. 1857

The Iliads of Homer, Prince of Poets, never before in any language truly translated, with a Comment on some of his chief Places Done according to the Greek by George Chapman, with Introduction and Notes by the Rev. Richard Hooper. 2 vols. 8vo. Second and Revised Edition, with portrait of Chapman, and frontispiece. 12s. 1865

"The translation of Homer, published by George Chapman, is one of the greatest treasures the English language can boast."—Gibbon.

"With Chapman, Pope had frequently consultations, and perhaps never translated any passage till he read his version."—Dr. Johnson.

"He covers his defects with a daring, fiery spirit, that animates his translation, which is something like what one might imagine Homer himself to have writ before he arrived at years of discretion."—Pope.

"Chapman's translation, with all its defects, is often exceedingly Homerel, which Pope himself seldom obtained."—Halsey.

"Chapman writes and feels as a Poet—as Homer might have written had he lived in England in the reign of Queen Elizabeth."—Coleridge.

"I have just finished Chapman's Homer. Did you ever read it? It has the most continuous power of interesting you all along... The earnestness and passion which he has put into every part of these poems would be incredible to a reader of mere modern translation."—Charles Lamb.

"The editor of these five rare volumes has done incalculable service to English Literature by taking George Chapman's folios out of the dust of time-honoured libraries, by collating them with loving care and patience, and, through the agency of his enterprising publisher, bringing Chapman entire and complete within the reach of those who can best appreciate and least afford to purchase the early editions."—Athenaeum.

LONG (Henry Lawes) On the March of Hannibal from the Rhone to the Alpe. 8vo, map. 2s 6d

LOWER'S (Mark Antony, M. A., F.S.A.) Patronymica Britannica, a Dictionary of Family Names. Royal 8vo, 500 pages, with illustrations, cloth. £1. 5s.

This work is the result of a study of British Family Names, extending over more than twenty years. The favourable reception which the Author's "English Surnames" obtained in the sale of Three Editions, and the many hundreds of communications to which that work gave rise, have convinced him that the subject is one in which considerable interest is felt. He has therefore been induced to devote a large amount of attention to the origin, meaning, and history of our family designations; a subject which, when investigated in the light of ancient records and of modern philology, proves highly illustrative of many habits and customs of our ancestors, and forms a very curious branch of Archaeology. — Preface.

LOWER'S (M. A.) Curiosities of Heraldry, with Illustrations from Old English Writers. With illuminated Title-page, and numerous engravings from designs by the Author. 8vo, cloth. 14s.

"The present volume is truly a worthy sequel to the 'Surnames' in the same curious and antiquarian line, blending with remarkable facts and intelligence, such a fund of anecdotes and illustration, that the reader is almost surprised to find that he has learned so much while he appeared to be pursuing mere amusement. The text is so pleasing that we scarcely dream of its startling connection with the woodcuts, which so clearly explain its points and adorn its various topics, the whole design were intended for a relaxation from study, rather than an ample exposition of an extraordinary and universal custom, which produced the most important effect upon the habits and habits of mankind." — Literary Gazette.

"Mr. Lower's work is both curious and instructive, while the manner of its treatment is so inviting and popular, that the subject to which it refers, which many have hitherto had too good reason to consider meagre and unprofitable, assumes, under the hands of the writer, the novelty of fiction with the importance of historical truth." — Athenaeum.

to Norfolk, giving not only the topographical and statistical facts, but also a
great deal that is instructive as to the manners and condition of the people,
the state of the churches and other public edifices, the mode of cultivation

The Glossary of Archdeacon Nares is by far the best and most useful work we possess for explaining and illustrating the obsolete language and the customs and manners of the 16th and 17th Centuries, and it is quite indispensable for the readers of the literature of the Elizabethan period. The additional words and examples are distinguished from those in the original text by a * prefixed to each. The work contains between five and six thousand additional examples, the result of original research, not merely supplementary to Nares, but to all other compilations of the kind.

--- The Same. PRINTED ONLY ON ONE SIDE. 8vo, cloth extra. £1. 1s

The specimens contain two or three lines each besides the signature, so that to the historian such a work will recommend itself as enabling him to test the genuineness of the document he consults, whilst the judgment of the autograph collector may be similarly assisted, and his pecuniary resources economized by a judicious use of the Manual. To the bookworm, whose name is Legion, we would merely observe, that daily experience teaches us the great value and interest attached to books containing Marginal Notes and Memoranda, when traced to be from the pens of eminent persons.

PIOZZI, Love Letters of Mrs. Piozzi (formerly Mrs. Thrale, the friend of Dr. Johnson), written when she was eighty, to the handsome actor, William Augustus Conway, aged Twenty-seven. 8vo, sewed. 2s

"—written at three, four, and five o'clock (in the morning) by an octogenary pen; a heart (as Mrs. Lou says) twenty-six years old, and as H. L. P. feels it to be, all your own."—Letter V., 3rd Feb., 1800.

"This is one of the most extraordinary collections of love epistles we have had the good fortune to meet with, and the well-known literary reputation of the lady—the Mrs. Thrale, of Dr. Johnson and Miss Burney celebrity—much more than enhances their interest. The letters themselves it is not easy to characterise; nor shall we venture to decide whether they more bespeak the drudging of dotage, or the folly of love; in either case they present human nature to us under a new aspect, and furnish one of those riddles which nothing yet dreamed of in our philosophy can satisfactorily solve."—Polytechnic Review.

POSTE (Rev. Beale, M.A.) Britannic Researches; or, New Facts and Rectifications of Ancient British History. 8vo (pp. 448), with engravings, cloth. 15s

"The author of this volume may justly claim credit for considerable learning, great industry, and, above all, strong faith in the interest and importance of his subject. . . . On various points he has given us additional information, and affords us new views, for which we are bound to thank him. The body of the book is followed by a very complete index, so as to render reference to any part of it easy: this was the more necessary, on account of the multifariousness of the topics treated, the variety of persons mentioned, and the many works quoted."—Athenaeum, Oct. 8, 1863.

"The Rev. Beale Poste has long been known to antiquaries as one of the best read of all those who have elucidated the earliest annals of this country. He is a practical man, has investigated for himself monuments and manuscripts, and we have in the above-named volume the fruits of many years' patient study. The objects which will occupy the attention of the reader are—1. The political position of the principal British powers before the Roman conquest—under the Roman dominion, and struggling unsuccessfully against the Anglo-Saxon race; 2. The Geography of Ancient Britain; 3. An Investigation of the Ancient British Historians, Gildas and Nennius, and the more obscure British chroniclers; 4. The ancient stone monuments of the Celtic period; and, lastly, some curious and interesting notices of the early British Church. Mr. Poste has not touched on subjects which have received much attention from others, save in cases where he had something new to offer, and the volume must be regarded therefore, as an entirely new collection of discoveries and deductions tending to throw light on the darkest, as well as the earliest, portion of our national history."—Ades.

JOHN NOAKES and MARY STYLES, a Poem, exhibiting some of the most striking localisms peculiar to Essex, with a Glossary. By CHARLES CLARK, Esq., of Great Totham Hall, Essex. Post 8vo, cloth. 2s.

"These letters, which have achieved considerable popularity, exhibit an extensive acquaintance with the vernacular of the county and its idioms and phrases, while the continuous flow of wit and humour throughout cannot fail to operate forcibly upon the sensitive faculties of the reader. In the Witch story Nathan has excelled himself, and it is to be hoped we have not seen his last effort in this branch of local English literature. The superstitions of Jan Vaggis and Jan Plant are most graphically and amusingly portrayed, and the various incidents whereby the influence of the "Evil Eye" is sought to be counteracted, are at once ludicrous and irresistible."—Plymouth Mail.

A GLOSSARY of Words used in Teesdale, in the County of Durham. Post 8vo, cloth. 2s 6d (original price, 6s)

"Contains about two thousand words... It is believed the first and only collection of words and phrases peculiar to this district, and we hail it therefore as a valuable contribution to the history of language and literature... the author has evidently brought to bear an extensive personal acquaintance with the common language."—Dartmouth Times.

—— Third Collection. Fcp, 8vo, cloth. 4s 6d.

"The author is a genuine poet, and it is delightful to catch the pure breath of song in verses which assert themselves only as the modest vehicle of rare words and Saxon inflections. We have no intention of setting up the Dorset poet against the more extended pronunciation of Scotland, still less of comparing the Dorsetshire poet with the Scotch; yet we feel sure that these poems would have delighted the heart of Burns, that many of them are not unworthy of him, and that at any rate his best productions cannot express a more cordial sympathy with external nature, or a more loving interest in human joys and sorrows."—Literary Gazette.

A GLOSSARY of Northamptonshire Words and Phrases, with Examples of their Colloquial Use, with Illustrations from various Authors, to which are added the Customs of the County. By Miss A. E. Baker. 2 vols, post 8vo, cloth. 1s (original price £1. 4s)

"We are under great obligations to the lady, sister to the local historian of Northamptonshire, who has occupied her time in producing this very capital Glossary of Northamptonshire provincialisms."—Examiner.

"The provincial dialects of England contain and preserve the elements and rudiments of our compound tongue. In Miss Baker's admirable 'Northamptonshire Glossary,' we have rather a repertory of archaisms than vulgarisms. But it is much more a vocabulary; it preserves not only dialectical peculiarities, but odd and disappearing customs; and there is hardly a page in it which does not throw light on some obscurity in our writers, or recall old habits and practices."—Christian Remembrancer, Quarterly Review.

WESTMORELAND and Cumberland.—Dialogues, Poems, Songs, and Ballads, by various Writers, in the Westmoreland and Cumberland Dialects, now first collected, to which is added a Copious Glossary of Words peculiar to those Counties. Post 8vo, (pp. 408), cloth. 9s.

This is undoubtedly the best work hitherto published on the dialects of Yorkshire in general, and of Leeds in particular. The author, we believe, is one of our fellow townsmen—for his introductory remarks are dated 'Leeds, March, 1851'—has used not only great industry, but much keen observation, and has produced a book which will everywhere be received as a valuable addition to the archæological literature of England.—Leeds Intelligencer.

"Its title vouches that Christmastide is germane to the time. Mr. Sandys has brought together, in an octavo of some 300 pages, a great deal of often interesting information beyond the stale gossip about "Christmas in the olden time," and the threadbare make-believes of jollity and gaiety which furnish tooth most books on the subject. His carols, too, which include some in old French and Provengal, are selected from numerous sources, and comprise many of the less known and more worth knowing. His materials are presented with good feeling and mastery of his theme. On the whole the volume deserves, and should anticipate, a welcome."—Spectator.

Future editors and commentators will be bound to consult these volumes, and consider their suggestions."—Atheneum.

The Glossary of Archdeacon Nares is by far the best and most useful work we possess for explaining and illustrating the obsolete language, and the customs and manners of the Sixteenth and Seventeenth Centuries, and it is quite indispensable for the readers of the literature of the Elizabethan period. The additional words and examples are distinguished from those of the original text by a t prefixed to each. The work contains between five and six thousand additional examples, the result of original research, not merely supplementary to Nares, but to all other compilations of the kind.

"Lord Palmerston was tolerably well up in the chief Latin and English Classics; but he entertained one of the most extraordinary paradoxes touching the greatest of them that was ever broached by a man of his intellectual calibre. He maintained that the Plays of Shakespeare were really written by Bacon, who passed them off under the name of an actor, for fear of compromising his professional prospects and philosophic gravity. Only last year, when this subject was discussed at Broadlands, Lord Palmerston suddenly left the room, and speedily returned with a small volume of dramatic criticisms (Mr. Smith's book) in which the same theory was supported by supposed analogies of thought and expression. 'There,' said he, 'read that, and you will come over to my opinion.'—Fraser's Mag. Nov. 1865.

THREE Notelets on Shakespeare—I. Shakespeare in Germany; II. The Folk-lore of Shakespeare; III. Was Shakespeare a Soldier? By WILLIAM J. THOMAS, F.S.A. Post 8vo, cloth. 4s 6d 1865

“On this subject of Shakespeare in Germany, Mr W. J. Thomas has reprinted a paper read some years ago before the Society of Antiquaries, together with two other ‘Notelets’ on the Poet—‘The Folk Lore of Shakespeare,’ from the ATHENAEUM, and ‘Was Shakespeare a Soldier?’ from NOTES AND QUERIES. Not the least of Mr. Thomas’s many services to English literature is the invention of that admirable word folk lore, which appeared for the first time in these columns only a few years ago, and has already become a domestic term in every corner of the world. His illustration of Shakespeare’s knowledge of this little world of fairy dreams and legends is a perfect test of criticism. He answers the query as to Shakespeare’s having seen martial service in the affirmative; and therein we think his argument sound, his conclusion right. These ‘Notelets’ were very well worthy of being collected into a book.”—ATHENAEUM.

“In giving an answer in the negative to the above question, we ask for a fair and dispassionate hearing, and in order to avoid circumlocution pass at once our Rubacax, and propound as capable of all proof the following historical heresy, viz., that Caesar never set foot at Boulogne or Calais, never crossed the Channel, or set eyes on Deal or Dover, but that he sailed from the mouths of the Rhine or Scheldt, and landed in Norfolk on both his expeditions.”—Author.

TESTAMENT (The New) translated from Griesbach’s Text, by SAMUEL SHARPE, Author of the History of Egypt, &c. 5th edition. 12mo, pp. 412, cloth. 1s 6d

The aim of the translator has been to give the meaning and idiom of the Greek as far as possible in English words. The book is printed in paragraphs (the verses of the authorised version are numbered in the margins) by inverted commas, and the quotations from the “Old Testament” in italics, those passages which seem to be poetry in smaller type. It is entirely free from any notice to enforce doctrinal points. Five large impressions of the volume sufficiently test its value.

We cordially recommend this edition of the New Testament to our readers and contributors.—British Controversialist

Upon the whole, we must admit that his is the most correct English Version in existence, either of the whole or of any portion of the New Testament.—The Ecclesiastic, and repeated by the English Churchman.

He has translated from Van der Hooft’s edition of the Hebrew Bible, printed at Amsterdam in 1705, except where, in a few cases, he has followed some of the various readings so industriously collected by Dr. Kennibott.”—Preface. "Mr. Vernon has, we think, acted wisely in taking Rask for his model; but let no one suppose from the title that the book is merely a compilation from the work of that philologist. The accidence is abridged from Rask, with constant revision, correction, and modification; but the syntax, a most important portion of the book, is original, and is compiled, with great care and skill; and the latter half of the volume consists of a well-chosen selection of extracts from Anglo-Saxon writers, in prose and in verse, for the practice of the student, who will find great assistance in reading them from the grammatical notes with which they are accompanied, and from the glossary which follows them. This volume, well studied, will enable anyone to read with ease the generality of Anglo-Saxon writers; and its cheapness places it within the reach of every class. It has our hearty recommendation."—Literary Gazette.

WILLMOTT (Robert Aris, some time Incumbent of Bear Wood, Berks) A Journal of Summer Time in the Country. Fourth Edition; to which is added an Introductory Memoir by his Sister. Foolscap 8vo, elegantly printed by Whittingham, extra cloth. 5s.

This 'Journal of Summer Time' is a genial gossip of literary matters under the various days of the month from May to August. It is full of anecdote, and full of interest; and is a sort of literary natural history, like that of Selbourne by good Gilbert White. The observations, the reading, the meditations of a well-trained, well-filled mind, give this volume its charm, and make it one which even the best-informed reader may lose away an hour with in recalling his own wanderings in the literary fields. The great glory of this book is that it is thoroughly natural. It does not aim at fine writing or sensational stories, but puts down from day to day such memoranda as a well-stored mind, familiar with the great treasures of our literature, would give forth in the quiet of a country parsonage, when summer smiled over the fields and woods, and a garden gave forth its pleasant sights and sounds—*Birmingham Journal*.

WOLLSAÆE'S (J. J. A., of Copenhagen) Primeval Antiquities of Denmark, translated and applied to the illustration of similar remains in England, by W. J. Thomes, F.S.A. 8vo, many engravings, cloth. 4s. 6d (original price 10s. 6d.)

"Mr. Wright is a man who thinks for himself, and one who has evidently a title to do so. Some of the opinions published in these Essays are, he tells us, the result of his own observations or reflections, and are contrary to what have long been those of our own antiquaries and historians."—*Spectator*.

"Two volumes exceedingly valuable and important to all who are interested in the Archæology of the Middle Ages; no more compilations, but replete with fine reasoning, new theories, and useful information, put in an intelligible manner on subjects that have been hitherto but imperfectly understood."—*London Rev.*

WRIGHT'S (Thomas) Saint Patrick's Purgatory, an Essay on the Legends of Hell, Purgatory, and Paradise, current during the Middle Ages. Post 8vo, cloth. 6s

"It must be observed that this is not a mere account of St. Patrick's Purgatory, but a complete history of the legends and superstitions relating to the subject, from the earliest times, rescued from old MSS. as well as from old printed books. Moreover, it exhibits a singular chapter of literarv history omitted by Watson and all former writers with whom we are acquainted; and we think we may add, that it forms the best introduction to Dante that has yet been published."—Library Gazette

"This appears to be a curious and even amusing book on the singular subject of Purgatory, in which the idle and fearful dreams of superstition are shown to be first painted as tales, and then applied as means of deducing the moral character of the age in which they prevailed."—Spectator

SCOTT (Henry, Minister of Anstruther Wester). Fasti-Eclesiae Scoti- canae; the Succession of Ministers to the Parish Churches of Scot- land, from the Reformation, A.D. 1560, to the present time. Part I. Synod of Lothian and Tweeddale. 4to, pp. 490. d. £1. 10s. To be completed in 3 parts—the second is now in the Printer's hands.

"The object of the present work is to present a comprehensive account of the Succession of Ministers of the Church of Scotland, since the period of the Reformation. An attempt is made to give some additional interest by furnishing incidental notices of their lives, writings, and families, which may prove useful to the Biographer, the Genealogist, and the Historian.

The sources from which the work has been compiled are the various records of Kirk Sessions, Presbyteries, Synods, and General Assemblies, together with the Books of Assignations, Presentations to Benefices, and the Commissariat Registers of Confirmed Testaments. From these authentic sources the information here collected will, it is believed, be found as accurate as the utmost care can render it. Having been commenced at an early period of life, this work has been prosecuted during all the time that could be spared from professional engagements for a period of nearly fifty years.

"Some idea of the labour and continuous research involved in preparing the work may be formed, when the Author states, that he has visited all the Presbyteries in the Church, and about seven hundred and sixty different Parishes, for the purpose of examining the existing records. In this way he has had an opportunity of searching eight hundred and sixty volumes of Presbytery, and one hundred volumes of Synod Records, besides those of the General Assembly, along with the early Registers of Assignations and Presentations to Benefices, and about four hundred and thirty volumes of the Testament Registers in the different Commissariats."—Extract from Preface.

TRANSACTIONS of the LOGGERVILLE LITERARY SOCIETY. 8vo, pp. 174, with many humorous cuts, extra cloth gilt edges. 7s 6d

A few copies of this privately printed volume are rare, of which the Morning Post says: "All the drawings are capital—tall of genuine fun; and the biographical sketch of the president, Lumpkin Queer, Esq., is in the style of the introductory chapter to 'Martin Chuzzlewit,' but a much cleverer performance. Still better is the president's address, the grave and plausible austerity of which is almost painfully laughable." A paper on 'Some Peculiarities of the French Language' is, with its delightful literal translation of 'Roujoh the little busy bee,' (the impressionable insect being rendered L'abeille peu industrielle,) one of the best burlesques we have ever read. A 'Retrospective Review of Juvenile Literature' is a perfect gem of fun and ingenuity. The book is a complete success."

The Athenæum says: "The book is not one to be read through steadily, but it will furnish a good deal of mirth if dipped into during leisure half hours. Of the papers, 'Some Observations on Ignorance,' 'A Tour in Cornwall,' and the 'Notes to Dandydon, a Tragedy,' are the best, the notes in this case being superior to the dramatic extravaganza which they illustrate."
